

### Lesson 2/3

Read the rest of the text, TB p.39-40, once quickly, once slowly.

As you read the second time, try to understand the meaning of the following words:

pass exam	town	village	poverty
disease	allow	cure	gentle
beg	stick	pocket	suffer
wallet	cupboard	drug	true

Now go to [www.leo.org](http://www.leo.org). For any words where you did not know the meaning, now translate them using leo.org. Be careful, what translation fits the best! Some words have more than one meaning.

**In front of the English word is a play button:** 

**When you press this button you hear the word spoken. This helps you if you don't know how to pronounce a word. Speak the word out loud, then listen to the pronunciation and compare.**

### **Answer the questions:**

1. What does John Lennon glasses look like? Draw an image! Who was John Lennon?!
2. What does it mean to have half a heart? (Line 132)
3. "Living the same old way everybody else does..." (Line 173)  
Why do you think many people do that, live the same way as almost everybody else?

**Exercise WB p.22**, no.22 Answer the questions 6+7

**Exercise WB p. 24**, no.29

### **Thinking about the text**

What major parts are there in life? Divide the text into parts. How can each part be called? First write down the German words, then translate into English. One part is not described in the text, what could it be (number 4)?

- 1.
- 2.
- 3.
- 4.

**Who was John Lennon? Write a short biography for him.**

**AEII:** Write 2 sentences for each part of his life.

**AEIII:** Write 3 sentences for each part of his life.
